To answer many inquiries from subscribers, the "News" will announce that the art portfolios of the St. Louis exposition are given free only to Daily subscriber to the street of the str scribers paid in advance. To all other subscribers they are 10 cents per copy, and to people not subscribers, 25c per copy. There has been a big rush of applications, especially from out of town subscribers, and the expressions of praise over the beauty of the work are well-nigh universal.

Exalted Ruler D. D. Houtz of the Provo lodge of Elks, Trustee C. O. New-ell and R. A. Barney of the Provo Com. mercial club were at the Salt Lake Elks club last evening, conferring with lodge 85 relative to the annual state conven-tion. They report that the citizens of Provo are much interested in making the convention a success, and special trains will be run, street parades held, and various festivities indulged in at the time. Free strawberries and cream will be served visitors.

The local Retail Butchers & Grocers handsomely entertained their friends last evening at a ban-quet in Modern Woodmen hall, where over 200 people were present. The guests of honor were the city council the chief and captain of police and members of the Wholesale Grocers' as siation. There was a special program which the following participated:
ssrs. Duncan, Ashby, Braby and Messrs, Duncan, Ashby, Braby and Poll, Thomas Ashworth, Walter Poulton, Thomas Slight, Professor J. S Donelson, T. O. Poulton, William Cal-Adolph Laubengeir, Master C. ds and Joseph Paul. President Woods and Joseph Benjamin Fullmer made the address of welcome, and the committee of arrange-ments were E. C. Allen, chairman; F. H. Weight, J. Donnellan, A. Milan, D. H. Horsley and A. Pritchard.

The second edition of the "News" did not appear on the streets till nearly o'clock yesterday, and the way the tel ephone office was loaded with calls from all sections of the town and county came well-nigh taxing the patience of the operators. The trouble was due to one of the employes of the Utah Light & Railway company, who accidentally cut off a wire which furnishes the power to the "News presses. It took over an hour to locate the trouble, before the blg press could be started up again. Not only was the city delivery delayed, but the Provo, Lehi and American Fork the Provo, Len and American Fork circulation, Murray and the suburban districts south, and the newsboys' sales on the streets were held back fully an hour. DESERETEVENING NEWS | TO DRY FARMERS OF THIS COUNTY.

General Committee Reports Progress in Utah Lake Improvement Matter.

MANY QUESTIONS TO BE SOLVED. | SOUTH TEMPLE & SECOND SOUTH

Some Are Now Being Discussed With The Government in Order to Evolve An Acceptable Plan.

the dry farmers of Salt Lake county was issued today by Col. E. F. Holmes and State Engineer A. F. Doremus, committee-at-large of the Utah and Jordan River Improvement committee: It may seem to you who are watching and are interested in the Utah Lake improvement matter that the general committee, or your representatives on that committee, are slow in perfecting the general plan. That this perfecting the general plan. That this should seem so is natural, but we, your committee, find very many questions that are difficult of solution. We think, however, that some of the hardest ones are being disposed of and will be worked out through the five existing canal companies.

canal companies,

After determining the question of primary rights, which as now fixed at 60 second feet for each canal company, comes the question of how much additional water each of the existing canal companies will need, and this depends largely upon what the water is to cost whether it is to be considered as personal property or become appurtenant to the land and the kind of security to be given to the government representa-tive. Some, or most, of these condi-tions must be known before the farm-ers themselves can determine what ad-

ditional water they may want.

Now it may be assumed that the primary right stockholders themselves own the existing canal systems, which for convenience, we will call preferred stock. Then the newly acquired rights, derived from the government improve-ments, will have no existing rights in the canal systems except they acquire the same by purchase or rental basis. Therefore it follows that the cost to the individual farmer purchasing addition-al rights will be compelled to pay for such additional water a sum consider-ably in excess of what the government price would amount, and these things have to be determined as nearly as possible before the next step can be taken, and we think that no such complicated calculations will be necessar when it comes to the matter of dealing with the dry farmer—so-called—mean-ing those located above the line of the present canals, and in the meantime we are negotiating or conferring with the Washington officials and the government representatives in this sec-tion in order to evolve some plan whereby we may meet upon commor grounds acceptable to all.

There is one consolation in the present situation, and that is our plans are as far advanced as are any of the plans, being formulated under this law, and we ask your indulgence for the de-lay which seems to us necessary. E. F. HOLMES,

TWO MILES OF PAVED STREETS.

This Much Will be Added to That Already Within the Corporate Limits of Salt Lake.

City Engineer's Plan is Adopted-Effort Made to Rescind Fernstrom s Resolution.

The following statement addressed to Action was taken by the city council last night towards adding at least two miles of paved streets to the city's paved district. The streets to be paved are South Temple from State to Tenth East, and Second South from Third to Ninth east. The report of the committees on streets and engineering was adopted which recommends that City Engineer Snow's plan for paving South Temple street be adopted and that the city recorder be instructed to advertise notice of intention to make the improvement. So that after nearly two years of consideration as to the plan of that work an agreement has been reached between the council and the property owners as to the plan to be used and the work will be commenced as soon as possible to let the contracts.

SECOND SOUTH PAVING. The Anderson Real Estate Investment company and a large number o other property owners on east Second South street representing a total frontage of 2,911 feet, petitioned the coun cil asking that that street be paved with asphalt from Third East to Ninth East street. Councilman Plack said that the property owners were anxious that the property owners were anxious to have the improvement made, and that the signatures to the petition represented a frontage of 271 feet more than was necessary to make the improvement. He moved that the petition be granted, and that the city recorder be instructed to advertise notice. tice of intention to make the improvement. The motion was carried.

TO RESCIND RESOLUTION.

A communication was received from the board of public works recommend-ing that the Fernstrom resolution be reseinded, which requires that 75 per cent of any special tax be collected be-fore the contractor is authorized to proceed with the work for which such tax was levied. The board asked that the work be commenced as soon as the tax is levied without waiting for any of the tax to be collected. Martin favored the recommendation of the board, but Fernstrom seriously objected to the council rescinding his resolution, as he said it would cause continual trouble if the board's recommendation is adopted as the council could not collect any of such taxes in less than a year, and the contractors would not wait that length of time for their pay, and hence litigation would follow. A. J. Davis raised the point that the matter would have to be brought before the council in the nature of a resolution in order to re-scind the action on the former resolu-tion. Upon his motion the communication was referred to the committees on streets and engineering with the city attorney associated.

FOR A BETTER ROAD.

petition was received, signed by Le Grand Young and 136 others, ask-ing that the City Creek canyon road be put in good condition by the removal coble stones, trimming the trees so that they will not interfere with vehieles passing along the road and preventing the creek from overflowing and making mud holes. The matter was referred to the committee on streets.

MISCELLANEOUS MATTERS.

Mayor Morris' veto of the resolution releasing P. J. Moran from fulfilling his contract in regard to installing a make consumer in the new city jail vas laid over for one week upon moion of Fernstrom.

A claim for \$200 damages was sub-mitted by Mrs. Maggie Cornford, who claims that her household furniture and other personal property in her home at 227 east Second South street was damaged to that amount by the overflow of water on May 3, 1904. committee on claims will consider the

matter. City Recorder Critchlow, ex-officio clerk of the city court, reported .a.t there were 222 cases disposed of in the criminal division of the court during the month of April, for which \$3,021.75 were received as fines and forfeitures.
Street Supervisor Sedden submitted
the appointments of P. J. Nelson and
Q. B. Nichols as poll tax collectors. The appointments were confirmed. Chief of Police Lynch asked the coun cil for a leave of absence and an appropriation sufficient to defray his expenses to attend the eleventh annual convention of the International Association of Chiefs of Police, which will be held at St. Louis on June 6. The police and prison committee will consider the

An appropriation of \$100 was made by the council to assist the G. A. R. in a proper observance of Memorial day. The license ordinance introduced by Black, increasing the license of peddlers, was passed by the council by a vote of 8 to 6. The council then acjourned and attended the banquet of the Retail Grocers' association, to which an invitation had been received
